## ***Global Flood Awareness System registered user accounts***

### **1. Description**

The processing of personal data concerns:

*Users that have registered to access to real time flood forecasts produced in the Global Flood Awareness System (GloFAS).*

This processing is managed at the Joint Research Centre (JRC) by the *Disaster Risk Management Unit of the Directorate E - Space, Security and Migration* in relation with the development of the Global Flood Awareness System (GloFAS) as future part of the Copernicus Emergency Management Service by the JRC for the purpose mentioned under point 2.

As this processing collects and further processes personal data, Regulation (EC) 45/2001, of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data, is applicable.

The Unit Head of "Customer and Stakeholders Relations" acts as Controller of the processing of personal data covered by generic notification "CONTACTS LISTS & NETWORK PARTNERS DATABASES AT THE JRC " (DPO-1924).

The JRC co-ordinator (e.g. Unit Head) of the *Disaster Risk Management Unit of the Directorate E - Space, Security and Migration* manages the processing itself, under the responsibility of his Director who acts as Processor.

### **2. What personal information do we collect, for what purpose and through which technical means?**

#### **Identification Data**

*Data contained in the user account list:*

*username, email, name, surname, organisation represented, organisation name and country.*

#### **Purpose**

Personal data are collected and processed in order to communicate with the data subjects about the development of the Global Flood Awareness System.

#### **Technical information**

Personal data are collected through classical databases or Excel forms and stored on JRC servers.

### **3. Who has access to your information and to whom is it disclosed?**

Access to the personal data is allowed to authorized officials and other staff of the JRC. No personal data is transmitted to parties, which are outside the recipients and the legal framework mentioned.

### **4. How do we protect and safeguard your information?**

The collected personal data is stored on the servers of JRC and underlie the Commission Decision C (2006) 3602 of 17/08/2006 "concerning the security of information systems used by the European Commission" defines IT security measures in force. Annex I defines the security requirements of EC Information Systems. Annex II defines the different actors and their responsibilities. Annex III defines the rules applicable by users.

### **5. How can you verify, modify or delete your information?**

The data subject can send a message to the Controller or to the address mentioned under "Contract Information", by explicitly specifying your request to have your personal data modified or deleted.

Special attention is drawn to the consequences of a delete request, in which case any trace to be able to contact you will be lost.

#### **6. How long do we keep your data?**

Your personal data is kept as long as follow-up actions linked to the above mentioned purpose are necessary. All personal data will be deleted when the GloFAS user account is deleted. Note that it is foreseen to transfer GloFAS as part of a fully operational service of the Copernicus program, to the European Center for Medium Range Weather Forecast (ECMWF) during the 2<sup>nd</sup> half of 2017. From this point onwards personal data protection rules and standards of ECMWF will apply. Users will be requested their consent to transfer the user account data.
